NZ

Help us create Eden in Aotearoa

Eden Project NZ core

- awe-inspiring multi-sensory experiences of our natural world
- dedications to histories & past practices of our peoples
- iconic architecture inspired by hīnaki (woven eel trap)
- bring history of NZ landscapes to life: raining lava rooms, rising/falling tectonic playgrounds, enchanting subterranean forests, and calving glaciers
- NZ rainforest of old, where historic birdsong, moa & the Haast eagle still reign
- elemental play spaces for all ages
- NZ & local produce served up in cafes site-wide
- intimate outdoor concert venue

Wetland forest delta

- walking tracks/platforms through original waterscape before European settlement
- a transformation of river & land back to a self-sustaining natural system.
- explore our natural world & traditional Māori forest lore/mahinga kai practices
- nurseries for native freshwater species

Eden NZ Living

innovative range of accommodation options that demonstrate flood/ climate change resilience

Stormwater wetlands

new technologies/natural systems to treat runoff while reducing stormwater from site

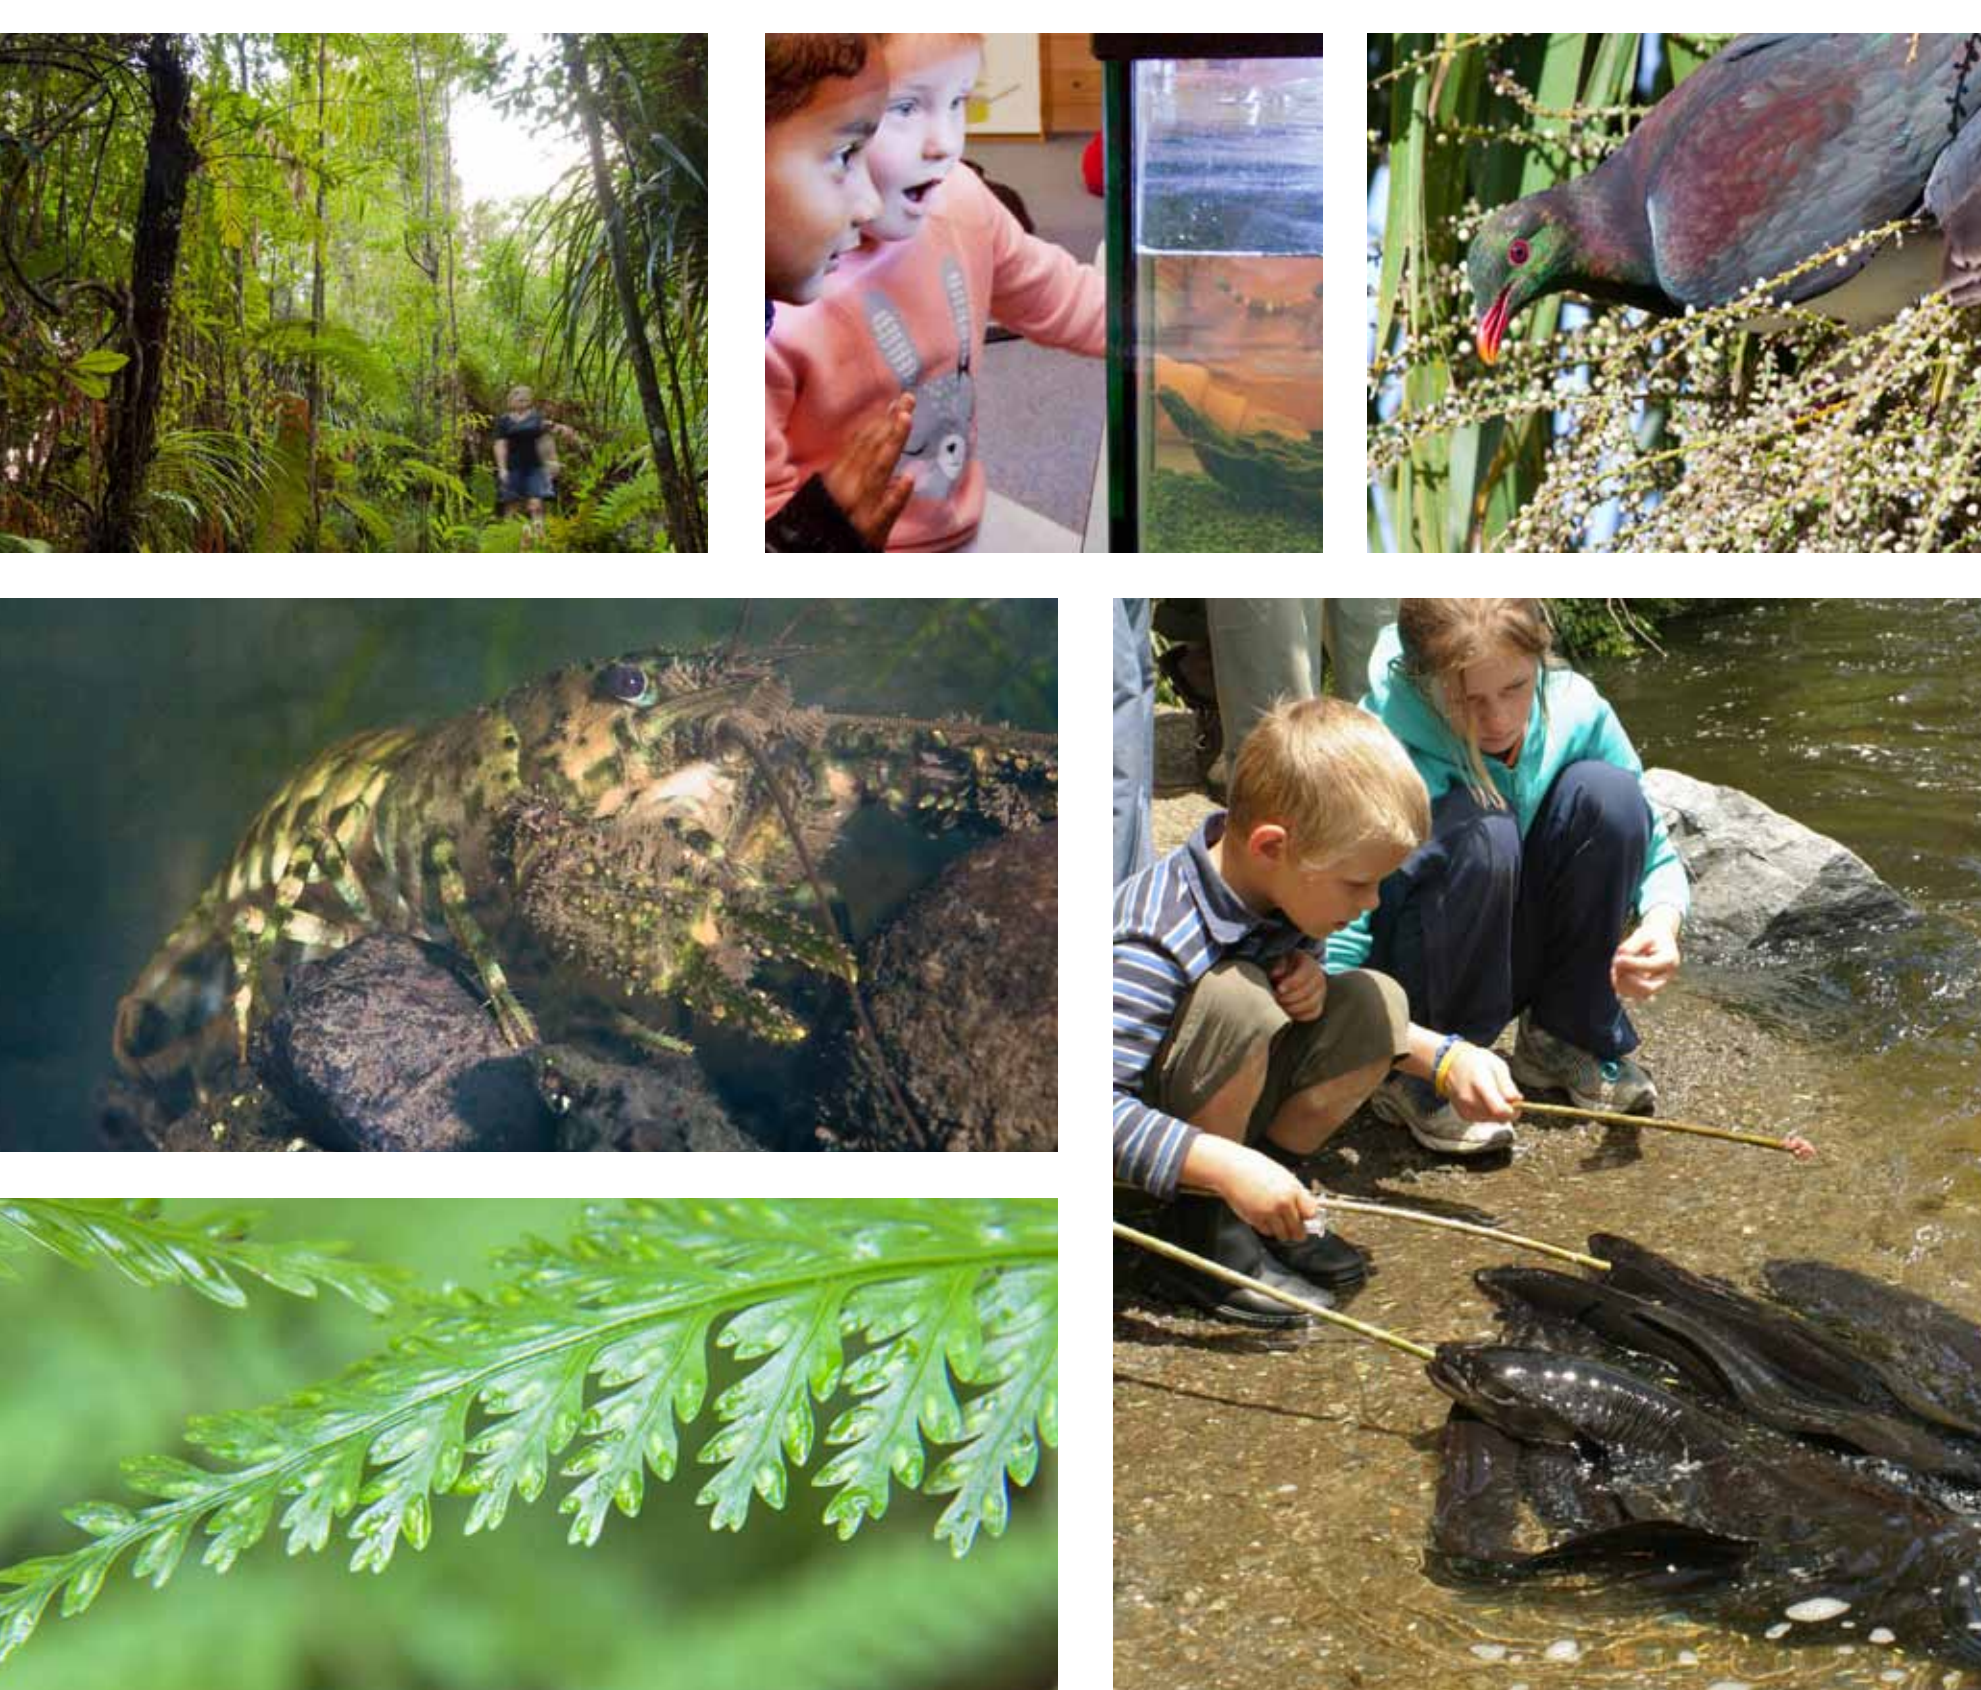

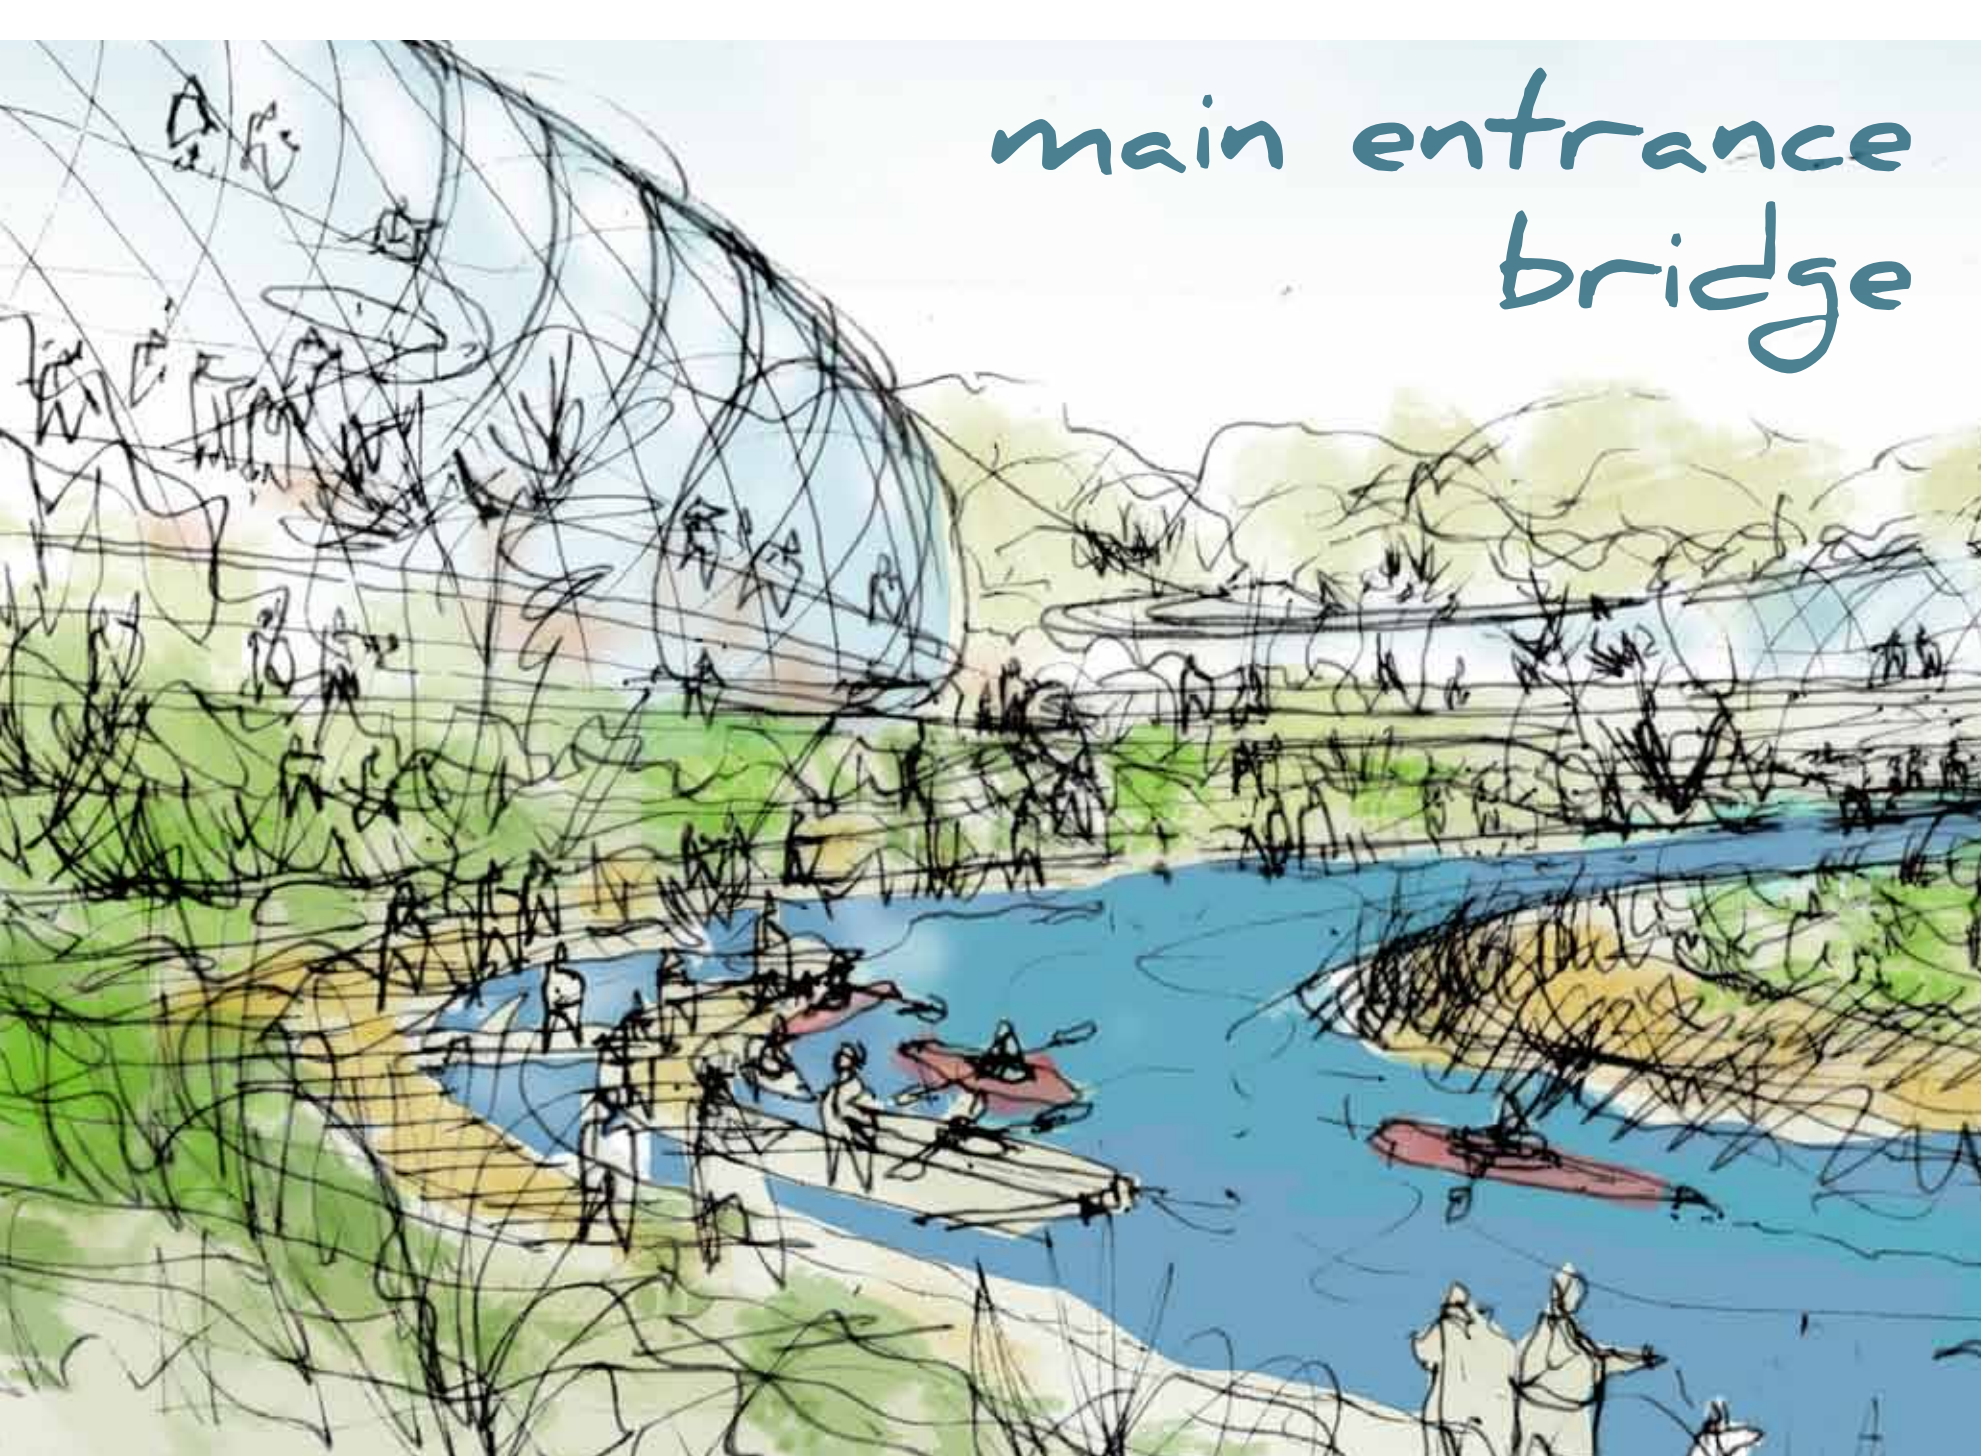

Laboracity

- a range of world-class water & environment education programmes (formal & informal) for all ages & knowledge levels
- Materials Biolab – spaces to foster traditional crafts & explore new uses for traditional materials

NZ

Zone for regeneration

Eden Project NZ is a world-class ecotourism and social enterprise venture. It will focus on our relationships with water and nature, while showcasing New Zealand's environments and biodiversity. We're inspired by what makes us uniquely New Zealand – celebrating our nature and culture – while showing how we can live more in harmony with our natural environment. Our aim is to turn every visitor to Eden Project NZ into a New Zealand ambassador, and create future kaitiakitanga/environmental custodians.

Now is the time to let the authorities know you want this for our city.

HELP US MAKE IT HAPPEN!

Head to our website for info on how to make a submission of support to Ōtākaro Avon River Corridor Regeneration Area for Eden Project NZ.
